

NATIONAL ASSEMBLY

QUESTION NO 404

Mr C H H Hunsinger (DA) to ask the Minister of Transport:

- (1) (a) How many drivers have paid their e-toll bills in the past 12 months and (b) what percentage of these driver (i) do and (ii) do not own e-tags;
- (2) (a) how many and (b) what percentage of (i) e-tag owners and (ii) non e-tag owners have amounts outstanding for (aa) over 90 days and (bb) less than 90 days? NW486E

REPLY

- (1) (a)(b)(i) and (ii) The toll collection commenced on 3 December 2013 and thus twelve months have not passed. The unaudited registered and active accounts identified on the network, as at 31 May 2014

e-Tag	Numberplate	Total
1 087 507	47 237	1 134 834

- (2) The unaudited Age analysis, as at 31 May 2014, of non-registered users are as follows:
- (aa) R156 623 567
- (bb) R995 362 885

However, it is noted that the amounts shown here are based on the alternative user tariff published in the gazette and not the e-tag tariff. The gazetted e-tag tariff is lower than the alternative user tariff.
