**NATIONAL ASSEMBLY**

**FOR WRITTEN REPLY**

**QUESTION NO 3086**

**DATE REPLY SUBMITTED: 14 NOVEMBER 2012**

**DATE OF PUBLICATION IN INTERNAL QUESTION PAPER: WEDNESDAY, 31 OCTOBER 2012 (INTERNAL QUESTION PAPER NO 38 – 2012)**

**Mr I M Ollis (DA) to ask the Minister of Transport:**

(a) Why have only 27 names been made public in his reply to question 1859 on 14 September 2012, detailing the list of subcontractors involved with the Electronic Toll Collection (ETC) consortium, instead of the 33 as was reported and (b)(i) what are the names of the remaining six subcontractors involved in the ETC consortium and (ii) why were these names not included in the initial reply?

**3. THE WRITTEN REPLY**

**The Minister of Transport:**

(a) As previously mentioned, the main contract for the project is between SANRAL and the Electronic Toll Collection (ETC). SANRAL has one contractor to whom it looks for performance under this contract, namely Electronic Toll Collection (ETC).

The contract for the design, build and operation of the tolling system is between SANRAL and ETC (Pty) Ltd and not with the sub-contractors. The lead contractor has sub-contracted work to various other companies (34) as shown below. The so-called unlisted companies are subsidiary companies of the lead member of the JV and thus were not listed. The contractual arrangements with the so-called unlisted companies are regarded as inter-company transactions. The list below includes the subsidiaries of the lead contractor ETC (Pty) Ltd. This list may change as circumstances warrant during the course of the contract.

(b) (i) The information has been sourced and the names and details are provided in the Table 1 below.

(b) (ii) refer (a) above.
