

2 August 2023

TO: Reginald Demana
Chief Executive Officer
South African National Roads Agency Ltd

PER: [REDACTED]

C/O: [REDACTED]

Dear Mr Demana,

FOLLOW UP DISCUSSION BETWEEN SANRAL AND OUTA

I trust this letter finds you well and comfortably ensconced into your new role as CEO now that the first half year has been surpassed.

Following our first meeting at the beginning of the year, I hereby feel it is time for a follow up discussion to seek clarity on matters that remain outstanding. More importantly, we ought to maintain an open line of communication and discussion on matters of mutual interest to our respective organisations.

The items on our list for discussion pertain to:

1. The outstanding e-toll litigation and the way forward.
2. The future of or the planned shut-down of the e-toll scheme.
3. The three toll concessions namely N3TC, Bakwena and TRAC. Although we are in court to obtain some information relating to these contracts, I believe a brief discussion on these matters is needed.
4. The irregular Nerdware contract and the referral of the investigation to a third party. We raised this with you at our last meeting but OUTA has been informed since that the forensic report was submitted to yourself and the Board.
5. The tender awarded to Aqua Transport.

I look forward to your positive response to this request.

Yours sincerely

Wayne Duvenage
OUTA CEO
